

Wellness Committee Meeting: 6/1/16

Attendees : Donna Reynolds, Leslie Barry Jennifer Fennelly, Beth Richards, Michelle Smith

Review of Survey/Assessment results:

We did a brief review of the survey/assessment results from charts and graphs formatted by Karen Riess at Central Office.

There were a total of 240 responses from the 5 different assessments.

The group decided that there was too much data to sift through and have results available for the School Board presentation on June 6th. We made the decision to meet over the summer and really dig into the assessments to compile the information.

June 6th School Board presentation

Beth began putting the power point together. We discussed keeping the presentation brief and giving an overview of:

- Who we are as a committee
- Wellness Policy Update
- Wellness Policy Components
- Overview of Needs Assessment
- Goals and timeline for 2016-17 school year.

Beth and Donna will be presenting to the board on June 6th at 6:30pm.

Next Meeting:

Monday June 20th 9:00am Central Office
