School Board Committee: Instructional
Date: February 16, 2011

Committee Members present: Eric Williams, Chair, Chris Casko, Clint Cogswell, Jennifer Patterson
Other Board members present: Kass Ardinger, Jack Dunn
Administration: Chris Rath, Rob Prohl, Gene Connolly, Steve Rothenberg

The committee heard a presentation from CRTC Director Steve Rothenberg that included an explanation of how the CRTC allocates seats for students from Concord High School and from the sending high schools, based on the percent of students in the 11th and 12th grades compared to the total number of students in the “footprint” of the Center. Concord’s footprint ranges from Pittsfield to Hillsboro-Deering.

The purpose of the meeting was for the Committee to consider a recommendation from the administration that the School Board approve adding Kearsarge High School as a sending school with 50% of the seat allocation.

Steve Rothenberg reported that this had been reviewed by members of the Advisory Committee with no objection.

The Committee approved the recommendation (4-0) to bring to the full School Board at its March meeting to accept Kearsarge High School as a sending school district.

Steve Rothenberg also showed the Committee the “soft skills” rubric that is used at the CRTC. Forty percent of a student’s grade is based on these skills. Each quarter, every student meets with his/her instructor to discuss their performance in these areas as well as in the competencies of the specific program in which the student is enrolled.

Respectfully submitted,

Eric Williams, Chair
Chris Rath, Recorder
