The meeting was called at 6:00 p.m. by Megan DeVorsey. Ms. DeVorsey turned the meeting over to Jack Dunn and Matt Cashman to present the concept of the slide show to the committee. The intent for the slide show is to review the history of events leading up to the consolidation plan. This included: existing building conditions, educational specifications from Principals Noyes, Barnwell, and McNeish, financing of the project, and review of cost impacts of delayed progress. The slide show presentation offered the opportunity for all members to review and discuss any adjustments that should be made in proceeding toward a final document. The suggestion was to make this a workable document, which could be used by board members to present to the PTO groups, citizens and other organizations in the city to help inform the public about the elementary school consolidation.

Board members and administrators agreed that this will be a useful tool and that a schedule should be set, to make public presentations by the board to the community.

The meeting adjourned at 6:58 p.m.
